**ONLINE SHORT COURSE ON** Systematic Review S Meta Analysis . . . . . . . .

# Workshop Facilitator: Prof. Edda Tandi Lwoga (PhD, MSc), CBE

Workshop Objective

To equip participants with necessary hands on skills to conduct systematic review and meta-analysis. Participants will gain knowledge and skills on how to synthesize evidence and use it to inform policy and decision making processes.

## Topics to be Covered

- Understand various resource guidelines for
- conducting systematic reviews.

- Formulate an answerable review question using the PICO framework or other relevant models.
- Register a review protocol with appropriate databases.
- **Develop an effective and comprehensive** search strategy.
- Screen articles based on predefined eligibility criteria.
- Conduct data extraction successfully
- Critically assess the quality and risk of bias in included studies.
- Describe and interpret meta-analysis results.

Format

The course will be taught completely online for five days, for a duration of two hours and a half. There will be **an interactive session held** via zoom on every session, along with recorded material and practical exercises.

## Course Fee

The course fee of TZS 700,000 (for Tanzanians) and equivalent of US\$ 400.00 (for foreigners). Payments should be done in advance. The training fee shall be paid through the control number which will be made available to interested prospective participants. For preparation, prospective participants are required to confirm their attendance by 20th June 2025.

 Use automation tools to support the systematic review process.

## Who Should Attend ?

- Interested academic staff, researchers,
- information professionals, librarians, government ministry representatives, civil society representatives, postgraduate students from different institutions.
